

Warm wishes

Pamela and Warwick Keys (New Zealand)

Dear Friends,

We send our best wishes for successful outcome to the important conference. We are looking forward to read the proceedings of the conference.

ULT India

Dear Brothers & Sisters,

2013. It is important to constantly expand the circle of inclusiveness and be compassionate to all life around. One of the first steps is to have a united circle of Theosophical organisations around the world. This conference is a positive step in this direction.

My family joins me in sending greetings to all present.

Kind regards.

Yours fraternally,

Chaganti V.K.Maithreya, F.T.S. – Adyar, Chennai-India

Dear sisters and brothers,

A Theosophical meeting always offers great opportunities to share the common goals of our work, making it possible to improve the diffusion of Theosophical teachings in our regions.

The world is suffering enormously and all our work is absolutely essential to help to diminish those torments.

Although it is not possible for me to be with you personally, it is an honor as a representative of the Spanish Section of the Theosophical Society to send you warm greetings and a fraternal embrace in our members' and my name. We wish you fruitful elaborations of your conference theme which deals with such a significant subject: Compassion.
