

Theosophy Forward

This independent electronic magazine offers a portal to Theosophy for all those who believe that its teachings are timeless. It shuns passing fads, negativity, and the petty squabbles of sectarianism that mar even some efforts to propagate the eternal Truth. *Theosophy Forward* offers a positive and constructive outlook on current affairs.

Theosophy Forward encourages all Theosophists, of whatever organizations, as well as those who are unaligned but carry Theosophy in their hearts, to come together. Theosophists of any allegiance can meet and respectfully exchange views, because each of us is a centre for Theosophical work.

It needs to be underscored that strong ties are maintained with all the existing Theosophical Societies, but the magazine's commitment lies with Theosophy only and not with individuals or groups representing these various vehicles.
