

“In April 1882, Soobiah, the spiritualist in the family, Narasimhulu, their father and other family members enrolled themselves as members of the Theosophical Society. Today, the sixth generation of the family is represented in the Society’s membership by Upasika and Aditi Maithreya. With an unbroken line of membership through six generations, Justice Muthuswamy’s family is the oldest family associated with the Society.”
