

Besides Trân-Thi-Kim-Diêu and Lama Yeshe Losal, some ten members from different lodges in Switzerland and Italy – among them Antonio Girardi (GS of TS Italy) and Andrea Biasca Caroni (President of the lodge in Ascona) – shared their thoughts about evolution. EFTS Executive Committee member, Krista Umbjarv also gave a short talk on the same theme.

The seminar came to a close with a distinct feeling by members and sympathisers of being glad that they had had the opportunity to participate, and that they were able to carry back, along with themselves, some inspiring thoughts on the journey home.
